

PUBLIC LEDGER

WEEKLY REPUBLICAN—1887.
DAILY PUBLIC LEDGER—1892.

MAYSVILLE, KY., THURSDAY, MAY 18, 1905.

ONE COPY—ONE CENT.

THE HOPEFUL BROTHER.

In thour ways an' lonesome days, when sorrow
thrills the breast.

I sorter spend a thought or two in hopin' for the
best.

In sayin': "Light
Comes after night,
An' there'll be a mornin' bright."

When life seems but a rain o' tears—all dreary
an' unblest,

I sorter say, "I'll cheer the way by hopin' for the
best!"

Away with the sighs!—
Light's in the skies,
An' suns—they only set to rise?"

An' so it is, from day to day I walk the way
along.

An' when the sorrow shakes my soul I weave it
into song!

An' so, it seems,
The mornin' beams,
An' life is sweeter than my dreams!

—Atlanta Constitution.

vertisements **MUST** be sent

pensation Sale May 24th. Look at them and be
prepared to buy.

county yesterday morning to consult a physi-
cian in regard to her eyes, which have been
troubling her considerably the last few days.

ursions into Cincinnati every Sunday during
the coming season, instead of once a month, as

wanting a watch. See before buying a watch.
Quality, workmanship and price are our recom-
mendation. P. J. MURPHY, the Jeweler.

The Island Queen, with hundreds of excu-
sionists, collided with a coal barge at Cincin-
nati yesterday. The barge was sunk and the
Island Queen broke her rudder. Loss \$2,000
in barge and coal.

ectorville, has sold his farm of about 100 acres
to Isaac J. Evans for \$4,000. This makes

method to get even with some of its delin-
quent subscribers. It advertises in its last is-
sue a list of delinquents and the amount due
for sale to the highest bidder.

Curtis Jett, who is serving a life sentence at
Frankfort for alleged complicity in the Marcum
murder, chopped off the thumb of his right
hand while at work yesterday in the chair de-
partment of the Penitentiary.

The palatial home of former Mayor R. W.
Nelson of Newport was partly wrecked by the
explosion of an acetylene gasoline machine
used to illuminate the house. One man had
both eyes destroyed and several others were
hurt.

Lindsay Pogue, four-year-old son of Mr. and
Mrs. Ed. Pogue of Mayslick, was operated on
here yesterday for hypertrophied tonsils and
adenoid growths by Dr. Woodson Taulbee, as-
sisted by Drs. J. B. Taulbee, T. E. Pickett and
L. Y. Browning. He is doing nicely and will
be able to return home Saturday.

Conard Smith, better known as "Timer," was
arrested yesterday afternoon for trying to clean
out Snag alley and disturbing the peace gen-
erally. He is a hard case and has done time.
When searched a razor and an improvised slung-
shot were found on his person. There are too
many such characters here, and it is well that
the police have decided to rid the city of their
presence so far as it is possible to do. He is
likely to be soaked when he faces the Court.

WANT THE MAN

For Once the Democrats Choose a
Non-Office Seeker

The Democrats of Mason county have cen-
tered on C. L. Sallee to make the race for Com-
monwealth's Attorney to fill out the unexpired
term of Edward Daum, deceased, and will pre-
sent his name to the Convention to be called
later on.

From a Democratic standpoint a better selec-
tion could not be made, and barring his politi-
cal faith is thought well of by the Republicans.
This much can be said of him: He is a lawyer
of ability and long practice, a Christian gen-
tleman and a good citizen. While there is no
likelihood that a Democrat will be elected, still
if it should so happen, Mr. Sallee is about the
best in the bunch, and insofar as that goes
would be acceptable to the masses. Mr. Sallee
has never held office at the hands of his party,
though a liberal contributor and earnest worker
in its behalf, and it is said does not seek the
nomination.

SALES OF CATTLE

Part of Colonel Otto Callahan's Herd
Goes For Low Prices

On last Tuesday at 1 p. m. at the farm of Otto
G. Callahan the Assignee, C. M. Lee, Jr., offered
at public auction for cash seventeen herd of
Aberdeen-Angus cattle.

Catalogues giving full description and pedi-
gree of animals were mailed to prominent cattle
breeders over the country, but none of them at-
tended the sale.

The bidding by local citizens was not very
spirited and most of the cattle were withdrawn
from sale and will be offered again in Chicago
June 6th.

The following were sold:

Grantington Hero 26911 to W. R. Newell
for \$75.

Earlyhill Belfast 49655 to Bland Kirk for
\$55.50.

Earlyhill Pilgrim 49654 to W. R. Newell for
\$40.

Mabel Vane 19895 to Mike Flarity for \$78.

Pride of Aberdeen 67th 39949 to Henry Nor-
wood for \$111.

Imported Eppy of Laggan 50208 to Charley
Kitchner for \$53.

for \$70.

Mrs. Allie Dixon of Orangeburg was a guest
of the Misses Pollitt at Ripley last week.

The First Regiment Band of Cincinnati will
furnish a select orchestra for the Commence-
ment of the Flemingsburg Graded High School
this evening.

Mr. Porter Alderson, son of Dr. and Mrs. S.
B. Alderson of Portsmouth, is laid up with a
badly sprained ankle at Radford, Va., sustained
in stepping from a train at that point.

It turns out that one of the Jury that con-
victed James Riddle, fixing the penalty at eight
years in the Pen, for killing O. S. Rogers at
Owingsville, was not a citizen of the United
States, and therefore the verdict was invalid.

The engagement is announced of Mr. Edgar
C. Adair of Lexington to Miss Sophia Frances
Hendrick of Flemingsburg. The marriage will
be celebrated the latter part of June in Flem-
ingsburg and after the wedding the couple will
leave to spend a month at the seashore and then
return to Lexington to go to housekeeping in
Mr. Adair's home in South Limestone.

The C. and O. pay car will pass down the
first of next week.

Contractors Harding & Simons will in a few
days begin the erection of a six room frame
dwelling in Elizabeth street for Mrs. Taylor
Conrad.

An American eagle, measuring six feet from
tip to tip of wings, was killed by Watson Games
yesterday, a short distance back of Aberdeen.
The same eagle, probably, was seen sailing in
the air on this side of the Ohio several days ago.

Mr. Steve Harrison returned last evening
from Portsmouth, whither he had gone in quest
of his son without finding a trace of the missing
lad. Chief Donovan is communicating by wire
with the police of various cities and it is hoped
the distracted father may soon be relieved of
his suspense by hearing of his son's safety and
whereabouts.

Contain Mercury.**
as mercury will surely destroy the sense of smell
and completely derange the whole system when
entering it through the mucous surfaces. Such

bly derive from them. Hall's Catarrh Cure, man-

TUESDAY 1,500 pupils "struck" in one of the Chicago schools. By all means let "striking" be added to the curriculum of the Public Schools in the Windy City.

THERE'S a special Judge sitting in the Court of Appeals in place of Judge CANTRILL. Of course, the people are paying two salaries. Now, just s'posin' the Republicans had elected CANTRILL, wouldn't the Democrats howl?

ATTORNEY GENERAL MOODY has decided that the eight-hour law applies to employes of the Isthmian Canal Commission. Here's another fine opening for Walking Delegates—who are not afraid of yellow fever and tarantulas.

THAT WAS one of Louisville's meanest thieves who stole Lawyer LEWIS McQUOWN'S \$50 at the railway station there. LEWIS had just come from defending his great and good friend Judge HARGIS, and that was probably a part of his fee. Talk about "tainted money!"

THE Chicago Job Printers, not willing to wait until January 1st, 1906, when the general movement is to be made, are ready right now to push their demand for an eight-hour-day with nine hours pay. The employing printers, at present prices for printed matter, could not exist under the new conditions, and the refusal of the pemand will be general. Therefore, at the opening of the New Year, the woods will be full of Job Printers out of jobs.

If your Uncle Togo doesn't shoot soon, Alphabet ROJESTVENSKY may get too many ships for him.

STRIKES of schoolchildren who have quit desks by hundreds in sympathy with the teamsters strike are to be dealt with sternly, according to President CLAYTON MARK of the Chicago Board of Education. The children's strikes have followed the use of non-Union teamsters by boycotted firms in delivering coal at the Public Schools. It is alleged that in many cases the parents rather than the children are responsible for the strike. Arrest and prosecution is threatened by the Board of Education as punishment for parents who permit children to go on strike in schools.

THE Labor Union thugs of Cincinnati are emulating their brother Labor Union thugs of Chicago. Monday eight of them boarded a streetcar in broad daylight, and when Mr. M. F. CARR, Superintendent of the Stewart Iron Works, attempted to leave the car they attacked him with blackjacks and other deadly weapons. The reason was that after his Company had secured the iron contract on the new Havlin Hotel, based on the then Union scale, the Union workmen demanded an increase in wages that would have entailed a loss of \$6,000 on the contract. In consequence the Stewart Company is employing non-Union workmen. As a result the thugs have started on a campaign of assault—and probable murder.

Political Pickings

HARGIS WAY ON TOP.

Jackson Hustler.

But no one need be disturbed as to Judge Hargis "losing his hold in Breathitt county." No, never! And as proof of this behold how his friends in this county are standing by him in the troubles he does not deserve, and behold the big majority he is sure to roll up next November as the Democratic nominee for County Judge. The Judge is more firmly entrenched in the good will and esteem of the people of this county than he ever was.

Upward of fifteen hundred Hebrew bakers are on a strike in New York.

A Good Suggestion.

Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by all Druggists.

How to Ward Off Old Age.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach, or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by all Druggists.

Wheat Pit "Farmers"

Between the horny-handed farmer who tills the soil and the ultimate consumer of his grain crops there stand several varieties of persons who depend on the sweat of his brow, as well as their own, for their daily bread. There is the "buyer" who visits the rural districts and contracts for the grain while it is still growing. This especial person is one of the reasons that, as a rule, no matter how high wheat goes, the farmer gets just about the same amount per bushel each year. The warehousemen who store and "doctor" the grain after it is sent to market, so that it will reach a higher grade of merchantable produce.

The market is full of all sorts of men who manage in one way or another to wring a living out of wheat and corn, and they include all grades of "traders," from "operators" with millions, to the little "pickers" in the "bucket shops." Perhaps the most interesting figure of all is the grain "expert," the "farmer" in the wheat pits.

One of the most interesting features of the wheat market is the fact that every month in the year is a harvest month. Somewhere in the wide world somebody is always reaping the grain that goes to make up the staff of life. For this very reason it takes a real expert to keep track of that wonderful grain. It takes a calm calculating mind to look over this vast and ever shifting wheat field, watching for favorable or unfavorable indications. And on the judgment of these grain experts depends the livelihood of hundreds of men scattered in all the cities of the country, who look to him for guidance in their deals.

While the real farmer looks out over—to him—his own wide fields of ripening grain and looks with apprehension at the sun that may burn his crops with drouth or the clouds that may send rains at harvest time and rot the grain, the grain expert looks out over the whole world and sums up the situation by the large.

In America every detail is taken into consideration in making up estimates on the crops. Men are sent to the fields at planting time to discover the total acreage, whether it has been increased or decreased, and the fact is also noted whether fertilizer has been used, and the general condition of the soil and weather is noted.

These reports are consolidated and an estimate of possibilities is made. Later the fields are visited again, and again, and again to watch the growing plants for signs of rust, rot or fly that might play havoc with the results. The grain expert files the information in his wonderful mind for instant reference. Then comes the harvest, when the condition of the grain can be discovered. If full heads are formed, the quality will be high; if they are shriveled, it will be low, and there are a thousand and one other considerations that only the grain expert can keep track of. The winter and spring crops are watched alike with jealous assiduity.

While the grain is growing in America it is being harvested or seeded in other parts of the world, so the expert discovers by cable the conditions in Argentina, Russia, Northern Africa, the European countries and Australia, what the outlook is, just as definitely as he finds out home conditions.

Conditions today may be entirely upset by the morrow. A hot wind may blast crops all over whole states. Devastating rains and storms may dash down the standing grain at the very moment of the harvest.

Then comes the use of the expert's knowledge. Men begin to speculate in the "future." The price becomes not a record of what the grain is actually worth but what the manipulators are able to make the final purchasers pay for it. On the floor of the Chicago Board of Trade the brokers keep watch on each other. Certain groupings of certain men, certain rushes of selling or buying of the options mean every-

thing. The actual conditions are forgotten and the artificial ones created by the big operators are the only ones that count. Then it becomes a question of money. Money decides the final issue. If a corner is attempted the grain expert knows almost to a dollar the total amount that the operators of it can summon to their assistance to carry the load of wheat they must buy. If the leaders are weak he takes the other side; if they are strong he goes with them. The "grain expert" is especially useful to the men who speculate. The men who want to make money rapidly lean on his judgment. Sometimes he is wrong. Frequently he is right. Most of the time he takes the conservative position. He gives advice sparingly but talks willingly of conditions, allowing his hearers to use the information as they see fit. So, knowing more than the farmer does about his own crops, the value and the amount of grain within a few thousand bushels that can be sent to market, the speculator never really expects to see a bushel of the grain he buys, does not know very well what it looks like, and would not know what to do with it if he had it. Nevertheless he daily buys and sells thousands of bushels of it and makes money. This is the end of the whole game for him. To know all about something he never sees, to buy or sell something he never had and never expects to have, and in the transaction build a fortune or perhaps only a bare living for himself and his clients.

GONE FOR GOOD.

No Reason For Any Maysville Sufferer To Fear the Return of It.

How often the pain returns to the aching back when you think you are well rid of it. No fear of such a return after using Doan's Kidney Pills. They make bad backs well and weak backs strong and keep them so. The testimony of Maysville people proves this claim a fact. You can readily ratify such fact by the following:

John Wallingford, living at the corner of Commerce and East Second streets, Maysville, Ky., says:

"I first procured Doan's Kidney Pills in 1899 at J. Jas. Wood & Son's Drugstore, and they stopped an attack of backache, one of many which had annoyed me for some time. My wife at that time gave for publication in our local papers a statement telling of the great benefit I had derived from Doan's Kidney Pills, and now, some five years later, I can say that the cure then effected has been complete and permanent. My back and kidneys have never given me the least cause for complaint. Mrs. Wallingford also appreciates the value of Doan's Kidney Pills from personal experience with them. She suffered most acutely with backache, especially at night, and Doan's Kidney Pills promptly and thoroughly cured her."

ORDERED TO LEAVE

And He Didn't Stand Long on the Order of Going

Steven Bryant of Wall street, who advertised himself in the papers as a sober and industrious man wanting work, turns out to be everything else but such.

The respectable citizens of the vicinity, after convincing themselves of the man's real degraded character, gave him five minutes yesterday afternoon to get out of town.

He has a wife and three children—one girl and two boys.

Had he not have gone, and that quickly, too, when told to depart, there is no telling what would have happened.

It is best for all concerned that he is gone.
